

Ben Schnell

PLANNING CONSULTANT

Bachelor of Urban and Regional Planning (Honours)

Expertise

- Statutory Planning
- Development Assessment
- Local Government Administration

Professional History

Ben joined the Ekistics team in November 2020 and has worked in a broad range of projects offering professional planning services in development assessment, research, as well as planning policy and ordinance reviews of respective Development Plans and the draft Planning and Design Code.

Ben has valuable international experience working in Local Government in London. While in London Ben worked on a diverse range of projects including major development projects and applications. Ben is experienced with hosting professional meetings, assessing controversial development applications, and has negotiating skills to achieve a positive outcome.

Ben also has experience as a Development Assessment Planning Officer in several Local Government jurisdictions in Adelaide and is well-versed with how Local Government operates and how to work with local authorities to achieve a positive outcome.

Ben is passionate about challenging himself and making a difference for clients and the community.

Qualifications

Bachelor of Urban and Regional Planning (Honours) (University of South Australia)
