PROFESSIONAL HISTORY

Susan joined Ekistics in February 2021 as a placement student and continued in part time capacity. After graduation, Susan became a full time Planning Consultant and offers professional planning services in development assessment, encumbrance assessment and research, as well as planning policy and ordinance reviews of the Planning and Design Code.

Susan earned her Bachelor of Architecture from School of Planning and Architecture (SPA) in Vijayawada, India and her Master of Urban and Regional Planning from University of South Australia (UniSA).

Susan has practiced as an architect in other jurisdictions and has worked on various projects ranging from residential to commercial and institutional buildings. She enjoys discovering the various facets of the urban environment, and her background and architectural qualifications allows her to develop multiple perspectives.

Susan is known for her attention to detail and calm, considerate approach. Her thorough investigation skills are ability to turn complex information into easily interpreted graphic representations add immense value to Ekistics projects.
